Evangelii Gaudium – The Joy of the Gospel  During our recent Priest/Principal conference Fr Paul, Fr Joe and I were part of an audience to a presentation on the Joy of the Gospel from Bruce Sullivan. Bruce highlighted what our Holy Father tells us about Joy and why we should be always joyful. I quote a section of Evangelii Gaudium which I have also shared with the staff. It reflects on being grateful and not complaining about our lot in life.

“Sometimes we are tempted to find excuses and complain, acting as if we could only be happy if a thousand conditions were met. To some extent this is because our “technological society has succeeded in multiplying occasions of pleasure, yet has found it very difficult to engender joy” I can say that the most beautiful and natural expressions of joy which I have seen in my life were in poor people who had little to hold on to. I also think of the real joy shown by others who, even amid pressing professional obligations, were able to preserve, in detachment and simplicity, a heart full of faith. In their own way, all these instances of joy flow from the infinite love of God, who has revealed himself to us in Jesus Christ. I never tire of repeating those words of Benedict XVI which take us to the very heart of the Gospel: “Being a Christian is not the result of an ethical choice or a lofty idea, but the encounter with an event, a person, which gives life a new horizon and a decisive direction”

I encourage everyone to take the opportunity to download the Pope’s exhortation and read it in your spare moments of silence. You can find a download link at http://w2.vatican.va/content/francesco/en/apost_exhortations/documents/papa-francesco_esortazione-ap_20131124_evangelii-gaudium.html

Adolescent Success  I spoke last newsletter of a conference that I was about to attend by a group called Adolescent Success. I report to you today some of the findings of that conference:

- In a report on the top medical issues in society today, the three most important are
  - Cardiovascular Disease
  - Cancer
  - Mental Health

  - It is important to realise that the first two are somewhat out of our range of control and general affect older people. Mental health is a condition that doesn’t discriminate with age. It is vitally important that we, in the school setting, focus strongly on this to produce healthy young men and women for society

- Well-being for young College students is just as important as academic success and in many cases can lead to greater academic outcomes

  - Schools where there is a deliberate and articulated ‘Social-Emotional Intelligence Focus’ have shown increased academic performance by as much as 11% and even up to 18% in some cases.

- For these and other reasons, I am committed to ensuring that over the coming months and years, St Paul’s College will renew its already high focus on student Pastoral Care. Good Pastoral Care leads to higher levels of well-being which, in turn, can produce greater academic outcomes.

Future Leaders  I had the pleasure of listening to our future College leaders speak in their leadership speeches this week on assembly. I was most impressed with their articulate, passionate and determined
ST PAUL’S COLLEGE YEARBOOK

Donations for sponsorship of the Yearbook, please complete form on page 10 or to order a Yearbook, please complete the order form also on page 10 of the Newsletter.

CALENDAR

September
3  Year 12 English – The Shoehorn Sonata – Coffs Harbour
   Diocesan Surfing – Coffs Harbour
11  CCC Athletics – Homebush
   Year 11 Future Moves – Charles Sturt University

monologues and for the conviction they show for the College. We are certainly in good hands with whoever is elected by students and staff to lead us in 2016.

**Year 12 Attendance** I spoke this week about the importance of being at school for all Year 12 students in the weeks leading up to the HSC exams. Up until now, students have been in somewhat of a competition between each other for ranking places in school-based assessment. This is only half the job done. Yes, with just only a little more than six weeks until the exams, Year 12 are only just half way through. From this point forward they need to become a single unified unit, a team helping each other to strive for every extra mark. The more they help their colleagues and classmates, the more opportunity there is for marks going to everyone in the class. Students who stay away from school because they ‘work better alone’ or ‘can’t concentrate in class’ do nothing for themselves and nothing for the group and, in fact, are doing more harm than good. I ask all parents to ensure your child attends every possible opportunity leading up to the ‘big quiz’ next term.

**Year 12 Music Performance Evening** On Wednesday night, once again I had the pleasure of being part of the audience for our HSC Music 1 students who were performing for the last time in front of a large group. It never ceases to amaze me the amount of talent and enthusiasm our students have and their love for the performing arts. I must send a vote of thanks to Mrs Beth McMillan, who leads the Creative Arts department, and to Mrs Leonie Capararo who assisted with their tuition and practice. I wish them well next Tuesday, when they sit their HSC performance exam, which will count 70% towards their final mark.

**Father’s Day** I take this opportunity to wish all Fathers a Happy Father’s Day this coming Sunday. The special role that dads play in the lives of their children should be highlighted and celebrated and I would like to say on behalf of the College that you deserve all the hugs, kisses, socks and jocks you receive this weekend. Have a great day.

God Bless

Mr Kevin Lewis – Principal
klewis@lism.catholic.edu.au

---

**ASSISTANT PRINCIPAL’S MESSAGE**

I would remind parents and students that the College has a rule that mobile phones should not be seen or heard. If it is necessary for students to bring their mobile phones to school then they **ARE TO BE TURNED OFF AND OUT OF SIGHT AT ALL TIMES.** All students are asked not use their phones once within the College grounds. However, phones are permitted to be used on bus lines in the afternoon in order to contact parents only.

If parents need to contact their child, then we ask you to please do so through the front office. We ask that parents support us in this request and not condone the use of mobile phones during the school day. If a student is ill and needs to go home, then they are to come to the front office with a note from the class teacher and ask the secretaries to contact their parents. We ask that students do not use their mobile phones to contact their parents directly during school hours. I have copied a reminder of the new consequences, below from the Policy handbook:

If a student’s mobile phone or electronic device is seen and/or heard during school hours, then it will be confiscated and kept at the front office until 3.25 pm, after which it can be collected by the student. The Pastoral Co-ordinator or Assistant Principal will contact parents, informing them of the action and consequence. As a consequence, the student will be placed on a lunch time detention by the Pastoral Co-ordinator the first time the offence occurs in any term and an afternoon detention thereafter.

This policy aims to reduce class distraction and cyber-bullying, control inappropriate access to social networking sites and help to manage potential legal and sensitive issues that may arise. I appreciate your continued support in this matter.

**Year 12’s Last Week of School** Year 12 will be concluding their formal schooling this term. This will be celebrated by the whole College community with a farewell assembly on 16 September at 11 am and the Graduation Mass on 17 September at 9.30 am at the All Saints Catholic Church. The Mass will be followed by the Major Awards Ceremony which will begin at 12 noon in the College Hall.

All parents and friends of the College are welcome to join us for both the Graduation Mass and the Major Awards Ceremony.

Mr Guy Campbell – Assistant Principal
**REC MINISTRY**

**SHINE Conference**  Recently, Year 9 and 10 CSYMA students and some Year 11 leaders attended the SHINE Conference in Coffs Harbour. They got to interact with like-minded students from other schools across the diocese. They danced in the mosh pit to the Emmanuel Worship band, listened to guest speakers - including Sam Clear (who had undertaken a personal journey of walking around the world for Christian unity) and Fr Bonny and participated in a variety of workshops and met in small groups. They joined in the Adoration of the Blessed Sacrament and concluded with a joint Mass. Feedback from the students was that they had a great time - some say they came back ‘shining’.

**Kindy/Year 12 Mass**  Today, St Joseph’s Kindergarten hosted our Year 12 students for a special Mass. The Year 12’s were buddied with a kindy student to celebrate the Mass together. Afterwards, the kindy kids escorted the Year 12’s to their classrooms and share morning tea. A wonderful time was had by all, and our Year 12’s would love for me to thank their kindy buddies.

**Year 12 Graduation Mass**  The Year 12 Graduation Mass is set down for Thursday, 17 September, 9.30 am, at the All Saints Church. Invitations have been sent out to parents and carers. Friends and parishioners are also cordially invited to attend. Guests are asked arrive a little bit early to take up the reserved seating towards the front of the church.

**St Aloysius Students Visit**  Six Year 9 boys from St Aloysius College, Sydney, are currently visiting Kempsey 1 – 11 September as part of their cross cultural program. A big thank you to the host families – Garry and Maree Ward, Carroll and Garry Townley, Peter and Lisa Livermore, Peter Richards, Steve and Joanne Pierce, Paul Colling and Suzanne Brand – who are providing board and accommodation for the boys. Without your support their visit would not be possible.

**Mr Conrad Tamblyn** – Leader of Evangelisation

---

**CURRICULUM**

**Year 11 Examinations**  All Year 11 students should be revising and consolidating their work in preparation for their upcoming exams which start on Monday, 7 September and finish on Thursday, 10 September. All examination assessment notifications are available on the College website under the ‘Student’ tab. Hard copies are also available from Student Administration.

**Year 8 into 9 Subject Selection**  Year 8 students have now finalized their Year 9 Elective subject selections for 2016. If parents have any questions or queries about the elective lines please feel free to ring.

**Year 10 - HSC All My Own Work**  At St Paul’s College, Year 10 students participate in the HSC ‘All My Own Work’ course after the end of year examinations.

‘All My Own Work’ program is designed to help Higher School Certificate students to follow the principles and practices of good scholarship. This includes understanding and valuing ethical practices when locating and using information as part of their HSC studies. Higher School Certificate assessment tasks such as independent research projects and major works are likely to be the most challenging learning students will undertake, whilst they are at school. ‘All My Own Work’ is a short guide to help students complete their assessment tasks honestly and with confidence and has clear links to the mandatory Years 7-10 curriculum, particularly syllabus outcomes and content related to information literacy knowledge and skills. (visit http://amow.boardofstudies.nsw.edu.au/index.html)

**HSC Students Checklist From UAC**  Year 12 students, please check the following:

- I know my HSC PIN and my UAC PIN are different
- My UAC PIN is stored in a safe place.
- My preferences are realistic and in the order I WANT THEM.
- I know I can change my preferences UNTIL 6 January for the Main Round.
- I can accept my Main Round offer and still change my preferences for the Late Round.

**Key UAC Dates**  Apply by Friday, 4 December and provide all documents by Friday, 15 January 2016 to guarantee consideration in the Main Round. If you’ve already applied, you can change your preferences for the Main Round until Wednesday, 6 January 2016. http://www.uac.edu.au/undergraduate/key-dates.shtml

**HSC Projects/Performance Marking**  Music 1 Performance Marking Date – Tuesday, 8 September 8.30 – 11.45am

**Mr Leon Robinson** – Leader of Curriculum
2015 NAPLAN Results  The recent NAPLAN results for St Paul’s were pleasing across all categories in Year 9. NAPLAN testing occurs in Years 3, 5, 7, and 9 and is meant to be a snapshot of a student’s progression over the previous two years. Because these tests occur in May, the results of our Year 7 students mainly reflect their growth whilst at primary school rather than the few months they have been in High School. For the best indicator of student growth at St Paul’s, we pay particular attention to the Year 9 results as students have been here for the full two years.

In all categories (Writing, Reading, Spelling, Grammar and Punctuation and Numeracy), our Year 9 students as a group showed improved performance compared to the state average. While this is pleasing, it sometimes merely indicates that one year group is academically stronger than the previous year group. More revealing is the percentage of students who are at or above their expected growth. This is a direct comparison of an individual’s growth over two years compared to the average growth of students across the state. Results of around 50% at or above their expected growth would be considered as normal, results notably below 50% would indicate a lack of growth, while results notably above 50% would indicate higher than expected student development in the skill being tested. St Paul’s Year 9 had higher than expected individual skill growth in every category, ranging from 57.5% to an impressive 64.6%. These results are very pleasing and I am in no doubt that they reflect the hard work, strategic planning and high expectations of our teaching and support staff.

While these results are most pleasing, we are aware that there is still room for continued improvement. In the next few days Mrs Stubbs (Additional Needs and Literacy Co-ordinator), Mr Robinson (Leader of Curriculum), myself and a Literacy/Numeracy support specialist from Lismore Catholic Schools Office will immerse ourselves in the NAPLAN data to identify areas of weaknesses for the College to focus on. These identified areas will then form the basis of our 2016 Literacy/Numeracy Action Plans. Individual faculty teams will take these Action Plans and design learning experiences to specifically target these areas of weakness throughout the year in each faculty. This process forms a part of the ongoing cycle of improvement (informed by data and best-practice) at St Paul’s.

Mr Rob Mahon – Leader of Pedagogy

Literacy Numeracy Week

Literacy Numeracy Week 2015 got off to a wonderful, student-focused start with many students competing in the Spelling Bee in the Drama Theatre at lunch times. A very enthusiastic audience also ‘egged-on’ the nervous but motivated competitors. All those taking part added many points to their Houses.

Staff has keenly supported the Great Book Swap. The idea is to donate books you have finished with and buy another for a gold coin, thus enabling the Indigenous Literacy Foundation to buy and create books for isolated indigenous students. This fund-raiser will continue for the three weeks leading up to the holidays, so if you would like to be involved just send books in with your child, or call in, browse and buy.

Finally, a very enthusiastic Year 7 class is going to St Joseph’s Primary to read their very creative works to the younger students. This is a great opportunity for these Catholic Studies students to share their creativity with a receptive audience. Their report will appear in the next St Paul’s Newsletter.

Mrs Jan Stubbs – Literacy Co-ordinator

SCIENCE REPORT

Great school results in the Science Competition  A large group of one hundred and one Year 7 to 11 students took part in this year’s Science Competition. This is a very large annual competition with 980,000 primary and secondary school students from Australia, New Zealand and the Pacific region taking part this year.

Students have to complete forty five multiple choice science questions in a one hour test. Each year level has a different test. Many of the questions are difficult and challenging.

A high proportion of the St Paul’s College competitors gained state awards.

<table>

Congratulations to all award winners and all students who participated. Each student receives a full analysis of their test performance. This task represents great practice for all future exams.

Mr Steven Ilsley – Leader of Science

**ENGLISH REPORT**

**Year 11 Hamlet Excursion** Last Thursday, August 27, the Year 11 English Studies and Extension English classes, accompanied by Ms Martin, Ms Murtagh and Mr Garty, attended a performance of Hamlet, by Bell Shakespeare, in Port Macquarie.

The cast consisted of ten actors and, with intermission and a Q & A session, things went well over three hours. Overall, it was an insightful and highly enjoyable experience. For the English Studies class, it was a great opportunity to increase our understanding of our current unit of work, “Landscapes of the Mind: English and the Performing Arts”. For Extension, it provided an opportunity to explore some of the gothic elements of the play, even though it was written well before the Gothic period as such. For all of us, it was an excellent chance to experience a quality performance that really highlighted the beauty and magnificence of Shakespeare’s work. The outstanding costuming, the use of special effects and lighting and the comedic blocking and actions (some of which were indeed quite memorable) made for an entertaining and worthwhile reflection and reinterpretation of this famous play.

We would like to thank Ms Martin, Ms Murtagh and Mr Garty for organising this excursion on our behalf.

Zoe Yarwood and Joanne Filipicic – Year 11

**LIBRARY MATTERS**

**Year 12 Books** As they prepare for the HSC, Year 12 are reminded that books should be returned on the day of relevant exams, and it is expected that they are ALL back before the Graduation Dinner. To assist in this matter, students will be issued with a list of their current borrowings in order to start the process. And a reminder…the Library will be available to you all for study purposes up to and throughout your exams. Good Luck!

**Year 11 Exam Study** Don’t forget that we’ll be open at 8.00 am all next week. Good luck in your End-of-Preliminary exams.

**Premier’s Reading Challenge** Congratulations to the following students who have successfully completed this year’s Challenge: Brooke Baker, Aiden Hodges, Amy Irving (Year 7) Alex Czippen-Sowter, Jakob Czippen-Sowter, Madalynne Farah-Halls, Imogen Hardy, Rowan Hodges, Logan McEvoy, Jessica Parsons,
Thomas Roberts (Year 8) Mariah Allan, Mystique Gibson and James Walker (Year 9). Their efforts have been “validated” online so all they need to do is to wait for their certificates to arrive. Along with others, who might not have finished, they have all earned House Points for their efforts… fifty if completed and two per book if not. Results are: Edmund 100, Farrelly 112, Mackillop, 164 and McAuley 300.

What’s The Joke? School holidays are just around the corner – don’t sit at home wondering what to do. Hop along to Kempsey Library on Wednesday 23 September from 2.30 pm to 3.30 pm and join them for a fun afternoon with Andy Jones. Andy is a best-selling children’s author and entertainer who uses music and other props to present his message that reading is fun!

With a swag of books under his belt including the Enormous Book of Hot Jokes for Kool Kids, The Burp-ionary, and The Adventures of Scooterboy & Skatergirl, Andy is sure to keep everyone amused with his side splitting comedy show.

This is a FREE session for children aged six to fourteen years, however spaces are limited. Please call Kempsey Library on 6566 3210 to secure your place.

Happy Reading
Mr Peter Garty – Teacher/Librarian 😊

North Street Farm

Last week our Year 10 Agriculture students travelled to Quirindi and Gunnedah, to see firsthand some of the amazing technology that is being applied to farming in Australia. The students visited Killara feedlot, a business unit of Elders Australia. This feedlot feeds cattle for the likes of Gerry Harvey, Coles and Woolworths. There are 20,000 head of cattle currently being fed in the feedlot. Students were fortunate to be shown around by the General Manager, Mr Tony Fitzgerald, who gave them a detailed tour of the facility. The company uses vast amounts of grain, hay and cottonseed to provide a constant supply of feed to the animals in the feedlot. Killara is also a major employer in the Quirindi Shire.

The second stop on the tour was AMPS Commercial, a farmer-owned business that sells a range of products used in the cropping programs of farmers in the area. The company also blends liquid fertilisers and has its own research team that conducts independent research into fertiliser application, sowing rates and variety types. Every student was given a hat at the conclusion of the visit.

The students stayed overnight at St Mary’s, Gunnedah, before visiting the Giant Ag Quip field day. This annual event showcases the latest technology and research that is being used in Agriculture.

The trip was a good opportunity for the students to learn about many facets of Agriculture and all returned home safely at 10 pm on Wednesday night, weary from a day’s walking at the field day. We were later than anticipated due to a flat tyre on the bus on the Oxley highway near Mount Seaview.

I would like to thank Miss Joanna Kenafick for coming on the trip and also the students for their level of interest and engagement. They showed great teamwork especially when we had to change the tyre. (Photos on Page 9)

Also this week in Agriculture, Year 9 had a visit from Mr Peter Midson from Eastern Artificial Breeders. Peter is the Year 9 students Industry Representative for the Cow Create Careers project.

Peter talked about his career in Agriculture as well as AI (Artificial Insemination) and the latest developments in artificial breeding. He also showed them some attributes of liquid nitrogen and how he uses it to store fertilised eggs and straws of bull semen.

Year 10 have been harvesting their winter vegetables. They have conducted their first pick of broccoli and silver beet that they planted eleven weeks ago. They have cauliflower, onions and garlic continuing to thrive in the compost enriched soil and these will be picked over the next couple of months. No chemical fertiliser or pesticides were used in the production of these crops. The compost used was made by the students from composted animal and plant waste, sawdust, coffee grounds and shredded paper.

Mr Graham Bramley – Agriculture Teacher
**Year 9 Food Technology**

Ms Hume’s Year 9 Food Technology students had an in class excursion where they experimented with the concept of value adding. The students picked lots of farm produce, (spinach, eggs, parsley, mint, chives, basil etc) from the School Ag Farm, washed and weighed the produce, then processed it into various forms in the Hospitality and Food Technology kitchens.

They then set about producing a variety of products for sale to the staff and the students. They also had to research recipes to cater for the types of ingredients they had available and think about ways they would present their products.

The students showed a great level of creativity, organisation and teamwork to produce a variety of products including Thai beef salad, a variety of quiches, mint slice (yum) and spinach muffins to name a few.

Well done Sonya - what a great experience for the students.

---

**STUDENT SERVICES**

**Homework Club**: Homework Club is continuing every Wednesday afternoon from 3.25 pm till 4.25 pm in Student Services. Students can complete homework or assignments with the support of a teacher and with access to computers and reference books. The Library will also be open five days a week until 4.30. All students are welcome and encouraged to make use of this valuable service. Those being picked up should do so from the car park behind the Science Block.

Please complete the form below and return it to the Student Services Centre.

**Mrs Jan Stubbs - Additional Needs Teacher**

I give permission for ........................................ to attend Homework Club on Wednesday afternoons.

He/she will be collected/ walk home (cross out whichever does not suit).

Parent’s name: ............................................ Phone no.: ............................................

Parent’s signature: ............................................

**Mrs Jan Stubbs – Additional Needs Teacher**

---

**SPORT NEWS**

**AFL** Last week, our U15 girls AFL team competed against Melville High in the Swans Cup. Our girls showed some great enthusiasm, skill and determination and had a convincing win, 66-0. They will travel to Coffs Harbour to compete against winning teams from that area. I’d like to thank Mr Damian McManus for coaching the girls and Vincent Smith for assisting. We wish them all the best for their next round.
Netball  Last Thursday, St Paul’s was represented by three teams in the Lismore Diocese Netball Championships in Port Macquarie. All three teams were competitive and showed great sportsmanship. Unfortunately, none of them were successful making it to the semi’s, however each player should be proud of their performances as they were up against some very strong competition but never gave up. I’d like to thank Miss Jo Kenafick and Mrs Kath Cornish for assisting me on the day and a big thank you to Ms Catriona Martin for selecting the teams and organising lunch time training.

Athletics  Next Wednesday the following students will be representing the Lismore Diocese at NSWCCC Athletics in Homebush: Lachlan Davidson, Isaac Parkinson, Kaine Parkinson, Joshua Parkinson, Lydia Roesgen, Chloe Saunders, Nathan Phillips, Jordan Hill, Amarah Lockwood, Nelly Barnett and Chamtaye Ritchie. We wish them a safe journey and all the best in their events.

Miss Dianne Lawrence – Sports Co-ordinator
St Paul’s College Yearbook is an annual publication, bringing together samples of the multitude of talents that are evidenced within the St Paul’s Community. It is a publication of close to a hundred pages that is highly valued by students, parents and staff alike.

Families wishing to order a copy of the St Paul’s College 2015 Yearbook are asked to contribute $30.00 towards the cost of each copy.

To obtain your copy/copies please complete the attached order form and return to the College Office, with your payment enclosed.

Year 12 students who may be away from the area when the Yearbook is distributed will need to arrange a ‘courier’ to collect their copy. Please fill in their name and contact number on the order slip below.

All orders MUST be placed by the Friday, 16 October, 2015.

Thank you kindly for your co-operation.

Yours sincerely,

Mr Kevin Lewis
Principal

---

Dear Parents

Donations are being sought for the 2015 St Paul’s College Yearbook. Donations of $35.00 are acknowledged at the bottom of one of the pages and will be printed with a message stating your business has donated. In order to achieve a more uniform presentation in the Yearbook, these will all be printed in the same style. Your business name will also be included in the alphabetical list of supporters at the back of the Yearbook. If you make a donation, the business will receive a free copy of the College Yearbook.

Simply complete the blanks in the spaces below. There are approximately 90 pages available for business name display.

Donations may be sent to school with your child. You will be issued with a receipt. Otherwise you may deliver/post your donation to St Paul’s College Office where a receipt will be issued.

Thank you for taking the time to consider this matter. The College is grateful to parents, families and local businesses for their ongoing support in making the production of the Yearbook possible. If you have any inquiries please contact Mr Lewis.

Yours sincerely,

Mr Kevin Lewis
Principal
