Dear Parents, Students and Staff

"Let Christ’s Light Shine Through Us"

PRINCIPAL’S REPORT

Witness:
From the beginning, people were attracted to the Church by the way its members lived. They took seriously to heart the command of the Lord to be witnesses to His life, death and resurrection. Many died a martyr’s death for their faithfulness. Equally attractive was the witness of the early Christians to the love of Christ, shown in their love for the poor, their care for the weak and by the utmost respect for human life.

In the day to day life of the parish school, these same characteristics should be evident: witnessing to the faith through the teaching of Catholic doctrine and morality and equally revealing the face of Christ in respect for the dignity of each person and particular care for those who are disadvantaged and marginalised.

THE CATHOLIC CHURCH  Did you know…?
The church is the largest welfare provider outside the government with:

- 63 member organisations;
- 12,600 employees;
- 500 different services; and
- 1.1 million clients were cared for in 2012

SRC Representation and Advocacy for Students:  This week our SRC brought to me a proposal for changes to the way our late bell works. It was well thought out, presented in a very professional and respectful manner and showed evidence of a real concern for the educational outcomes for students at the College. As a result, I took their proposal to staff who voted unanimously to support it. It is one great example of staff and students working together.

P & F Election Results: Congratulations to our new P & F board members

They have certainly hit the ground running with preparations for our annual P & F Dinner well under way. I wish them all the best in their new roles and know that our parent community will support them in their endeavours.

Anyone wishing to purchase tickets or book a table for the P&F Dinner needs to contact the office as soon as possible.

National Day of Action Against Bullying:  Today is the National day of Action Against Bullying. This week in assembly I announced the winners of our ‘RESPECT’ poster competition and also reminded students about the impacts of bullying. Over the next few weeks we will be surveying students about bullying, Where it happens, what they are concerned about and what they think should be done to combat it.
St Paul’s P & F Major Fundraising Dinner  
Saturday, 5th April, 2014  
Starters plus three course meal.  
Live entertainment!  
Half tickets sold – don’t miss out.

**Boiled Lolly Raffle**

This year’s raffle for the P & F Dinner is numbered lolly jars. The number is recorded when you purchase your jar. Each jar is $15 and is available at the College Office. Numbers will be drawn and recorded on the night of the P & F Dinner. Winners not present on the night can collect the prizes from the College Office. Below are some of the fabulous prizes…

Congratulations to our poster winner – Tilly Shepherd ($50). And also congratulations to our minor prize winners who will each receive a $10 canteen voucher.

On the Calendar: In the coming weeks we will be welcoming Year 6 students to our ‘Day in the Life’ program as part of their transition into high school. Year 12 will move into their mid-course exams and Year 10 will travel to Sydney for their annual HSIE excursion. We wish these students all the best.

God Bless

Mr Kevin Lewis – Principal

ASSISTANT PRINCIPAL’S MESSAGE

“Give thanks to the Lord, proclaim his greatness”

National Day of Action Against Bullying and Violence: The following is from the ‘National Day of Action Against Bullying and Violence’ site:

The 2014 National Day of Action against Bullying and Violence is today, Friday the 21st of March. This annual day provides a focus for all schools to say ‘Bullying. No Way!’ and to strengthen their everyday message that bullying and violence at school is not okay ever.

The National Safe Schools Framework defines bullying as repeated verbal, physical, social or psychological behaviour that is harmful and involves the misuse of power by an individual or group towards one or more persons. Cyber bullying refers to bullying through information and communication technologies, e.g. the internet or mobile devices. Conflicts or fights between equals and single incidents are not defined as bullying. Bullying of any form or for any reason can have long-term effects on those involved, including bystanders.

In short, bullying is a repeated pattern of harmful verbal, physical or social behaviour which involves the misuse of power. Cyberbullying is bullying through the internet or mobile devices.

Not all aggressive or harmful behaviour between people is bullying. While conflicts and aggressive behaviour need to be addressed, it is important to be clear when these behaviours are not actually bullying.

The definition of bullying has three critical aspects - a repeated pattern, the misuse of power within relationships, and behaviour which causes harm. All three aspects need to be present in order for behaviour to be called bullying. Information for students and parents can be found at: www.bullyingnoway.gov.au/ . You can also refer to the College Anti-Bullying Policy on the website at: http://moodle.kmpslism.catholic.edu.au/file.php/1/Parents/Anti-bullying%20policy.pdf

I thank all parents for their support.

Week 8 of the first term is behind us and hopefully all students are now using their study time to achieve their personal best. Thank you to the parents who are assisting their children in putting together a realistic and consistent study program. It is pleasing to see students who have an excellent attitude towards their work and as a result are performing well. Our goal, as teachers at St Paul’s College, is to support all students to achieve at their very best. If we work together, we will see an improvement in the work ethic, performance and results of all students.
Earlier this term, all students at the College set personal academic goals. Their results should be in their student diary for reference and students should monitor their progress. Parents, if you have not already done so, please ask your children about these goals, and discuss them further. Students were encouraged to set SMART goals. SMART goals are goals which are: Specific; Measurable; Attainable; Realistic and Timely. We encourage all students to refer to these goals at times throughout the year.

The Parent/Teacher evening was held on Wednesday night. I would like to thank those parents who took the opportunity to speak to College staff during this important evening. Once again, events like this enhance our partnership as carers and teachers of your children. The flow of information between parents and teachers is an invaluable exercise.

**P & F Easter-Egg Raffle:** Once again the P & F are working hard to raise funds for the school. This time they are running an Easter-Egg raffle which will be drawn at the end of this term. We are asking families to support this cause by supplying one small egg or bag of small eggs as a donation. The more donations we receive, the more prizes we can offer. I encourage all families to support this worthwhile cause.

Thank you for your continued support in the education of your children.

Mr Guy Campbell – Assistant Principal

---

**REC MINISTRY**

**Years 11 And 12 Sunday Mass:** This Mass was held on Sunday, 9th March. A big thank you goes to the Year 11 and 12 students, as well as their parents, who attended. A special thanks to Mrs McMillan, who organised members of the college choir, as well as the Men’s choir, to sing on the day. They sang beautifully. Thank you also to Mrs Hume and the senior hospitality students, who made cakes for morning tea. Fr. Joe and the parish community expressed their support and thanks to our senior students.

**Year 12 Retreat:** The Year 12 Retreat will be held on Wednesday 9th and Thursday 10th April at Bonny Hills. Slips and $30 deposits were to be returned on 13th March. The full cost is $155. All students are expected to attend. If a student cannot attend the retreat for any reason, they need to get approval from the principal this week, otherwise the full cost of the retreat will be charged.

**Combined Schools Mass:** This Mass was held last Friday in the College hall and was attended by around one thousand students, parents, teachers and visitors. The mass was held in conjunction with Catholic Schools’ Week and is becoming one of the highlights of the College calendar. Thank you to Mr Edwards and the Year 11 students who organised activities for the Year 5 St Joseph's students in the afternoon, following the Mass.

**Project Compassion:** Students and teachers are supporting CARITAS Australia through Project Compassion, during this period of Lent. Students fundraise and donate money through the collection boxes that are in their PC rooms. The focus for this year’s appeal is a community development project in Brazil.

Mr Conrad Tamblyn – Leader of Evangelism

---

**CURRICULUM NEWS**

**Year 12 Parents And Students:** Most institutions that participate through the Universities Admissions Centre (UAC) have an Educational Access Scheme for applicants who have experienced long-term educational disadvantage due to circumstances beyond their control or choosing, which has seriously affected their educational performance. A long-term educational disadvantage should normally be experienced for a period of at least six months.

If you think you are eligible, you should apply for EAS, in addition to your UAC application for admission, by downloading a copy of the 2014 EAS Booklet and the application form and calling UAC on (02) 9752 0200 if you have any questions.

**Applications for 2015 admissions will open in August** at http://www.uac.edu.au/undergraduate/eas/

**Year 12 Mid-Course Examinations Week 10 and 11 Term 1:** Students should actively be preparing and revising for the Mid-Course examinations, remembering that last term’s work is just as important as this term’s. HSC style questions are available from the following web sites:
Please remember that these exams are a part of the school’s internal assessment process for the HSC and, as such, must be taken seriously in all aspects. If a student misses an exam, he or she must apply for misadventure and present a Doctor’s certificate or other suitable documentation. Please refer to the HSC Assessment Guide for 2014 (Illness-Misadventure Provisions) or see me if you need more clarification on this matter, or on any other rules and regulations.

Year 10-12 Assessment Tasks: Students and Parents, please be aware that all Year 10, 11 and 12 Assessment Task submissions are to have an Assessment Task Coversheet attached. Please refer to the relevant (Year 10, Preliminary or Higher School Certificate) Assessment Guide for 2014 for more information, or see the relevant class teacher and/or Leader of Learning.

Mr Leon Robinson – Leader of Curriculum

PEDAGOGY

Top Tips For Parents To Help Teens Learn

Most parents are pretty good at setting general boundaries/guidelines for their teenagers. However, research has shown that less than half set boundaries in relation to their use of technology. A big part of the reason for this is that today’s parents did not grow up needing technology boundaries, other than movie ratings.

While digital technologies have enormous potential for good in our world, they have a similar capacity to lead to dysfunctional behaviours and attitudes in teens if we do not set some clear guidelines on their use.

While we do all in our power at school, **setting digital boundaries is very much something that belongs in the domain of the family.** It is up to parents and guardians to actually decide how they will help their teenagers and what limits they will set. With that in mind, here are some areas to consider discussing with teenagers:

* Does your teenager have **time limits** about how much ‘screen time’ they can have each day?
* Does your family have any **technology free time** (i.e. the evening meal)?
* What time does technology need to be **switched off at night**? Does this include mobile phones?
* Are teenagers allowed to use computers in their **bedroom**? If so what are the limits/safeguards?
* Do teenagers sleep with their **mobile phones** in their room?
* Do your teenagers understand about what information they are allowed to **share online** and what information is not to be disclosed online?
* Does your teenager know what to do if they get abusive/defamatory emails or messages? Do they know what to do if they see or receive defamatory information about other people they know?
* How do you know if your child is doing **schoolwork or wasting time**?
* Have you had **intentional and deliberate conversations with your teenager** about the questions above?
This is not intended to be a definitive list, but merely a prompt to get you thinking about what boundaries and guidance you have set with your teenager. There may be some things you need some guidance on yourself. Below are a few places to start if you are uncertain:

- **Net Family News** – an excellent site for information and guidance on digital citizenship
- **Cyber Smart** - A government portal with loads of resources
- **That’s Not Cool** – A site for teenagers about setting digital boundaries.

On Wednesday, 2\textsuperscript{nd} April, St Paul’s is having an **information and discussion evening** to help parents address these issues and others (see invitation in this newsletter and on website).

**Mr Rob Mahon - Leader of Pedagogy**

**FROM THE COUNSELLOR’S DESK**

I find myself often in my job at St Paul’s College taking off my School Counsellor's hat and putting on my parent hat. We have an enormously daunting task of steering our teenagers through their adolescence and into adulthood as strong and confident, independent and ready to face the world. Technology is definitely one of the 'jungles' that we can often feel lost in.

In order to provide you with an opportunity to ask vital questions and receive pertinent information, we are hosting a Parent Information Evening on April 2\textsuperscript{nd} at 5.30pm. (See invitation on page 10). Please come along. I do believe you will gain some valuable insights and leave feeling a greater sense of strength in your role as parent.

Call me if you would like more information.

**Mrs Meredith Llewelyn – College Counsellor**

**VET REPORT**

The 2014 school year has started off at a very busy pace for students in Year 11 and 12 studying Vocational Education and Training at the College.

Contracts have been signed to commence the tender process for the new Primary Industries and Construction training facilities which will be built this year, in preparation for delivery of these qualifications in 2015.

Construction students in Year 11 have completed their White Card training whilst Year 12 students across all three frameworks – Hospitality, Primary Industries and Construction are completing their final preparations and paperwork to visit employers in the industry to complete their final 35 hours of mandatory work placement. It is hoped that these students will capitalise on their training at the College and acquire further skills in addition to gaining a deeper appreciation of the industry for which they are training.

I will be sending letters home to parents this week to ascertain whether any Year 12 students would like to complete their Responsible Service of Alcohol course on April 11. This date falls on the last day of term. Year 12 examinations will be completed and the date has been chosen to alleviate any disruption to scheduled classes. The course runs for six hours and it is a valuable qualification for students to assist them to obtain employment whilst at University or as a career path. The letter will outline further details including the cost and the training company delivering the course. The cost is considerably cheaper because I have been able to negotiate with large numbers of students (maximum of 30).

Mr Bramley is once again organising an excursion to Bourke for Primary Industries and Agriculture students this year, whilst I am co-ordinating a three day Hospitality Industry Tour to Sydney. This trip will take in an appreciation of the Sydney Fish Markets, five star Buffet at the Marriott, study of the Star Casino with a 2 hat restaurant luncheon, hotel tour and a visit and inspection of Adriano Zumbo’s patisserie.

Year 11 and Year 12 Hospitality students are practising to prepare and present the meals at the upcoming P & F Formal Dinner in April, and I urge you to consider supporting this event, which raises valuable resources for the College whilst providing a realistic and valuable learning experience for our Hospitality students.
Mr Jones and Mr Stephen are participating in a three day intensive Block and Brick training on the Central Coast next month, to update and acquire new skills. They have many ideas on transferring this knowledge to their students through designing and building projects for the use of all at the College. Our TVET students are thoroughly enjoying their courses at TAFE and are well under way with Assignment submissions. Students are undertaking courses in Tourism Events and Management, Electro Technology, Carpentry, and Defence Force Path Ways.

I congratulate both Jason Brett and Josh Swan on their successful application to undertake a school based apprenticeship with Macleay Water. I was informed that they presented themselves at both the information sessions and interview particularly well, with research evident on Kempsey Shire Council and Macleay Water. Their commitment to the application process has been well rewarded and has ensured that their future career paths are very well planned. Congratulations boys.

Should you require any information or have questions about the Vocational Education and Training offered at St Pauls, please contact me at the College on 02 65 627200.

Mrs Belinda Mainey - Leader of Vocational Education and Training

LIBRARY MATTERS

As I type, it’s 8am Thursday morning, and I’m pleased to observe a number of seniors at the desks studying hard in preparation for their Half-Yearly exams which commence in a little over a week’s time. A reminder to all Year 12 (and anyone else for that matter) that opening hours will be extended for the next two weeks from 8am to 4.30pm. Bagels and orange juice will be on offer but, as they say... “terms and conditions apply”. Sorry folks, but this is restricted to when you reach Year 12.

Overdue books continue to trickle in and others are being paid for. Keep searching! Final requests for return or payment will be going home prior to the holidays. Then we will be able to award House Points according to how clean a record different groups have established.

Speaking of holidays, it was only last night at Parent-Teacher Evening that I mentioned to a parent that they are quite welcome to borrow books from the Library. Just send your child in (or call in yourself if you like) and we can lend items out to you in your child's name. We have a wide range of fiction titles (both Junior and Senior) and an array of non-fiction items as well. You can search on the Library Home Page, which is found on the St Paul's Moodle Page.

Also, as the holidays approach, it's timely to remind everyone that you can actually borrow up to four titles (or more upon request) over any holiday period.

Students in Years 7, 8 and 9 are reminded to keep jotting down the titles of all those Premier's Reading Challenge books they've read. We’re just waiting to finalise some online aspects of this year’s registration, after which you’ll be able to enter your titles. In the meantime, you can still visit the site and have a look at the vast array of titles on offer.

Finally, just to let you know that over the past few weeks at least four different book purchases have been made. Nothing extraordinary with this, except that on each occasion it has happened because of student requests. So have your say. If there's something you think should be on our shelves, come along and have a chat. Special forms exist for you to complete the acquisition process.

THOUGHT FOR THE FORTNIGHT: “We read to know that we are not alone.” (William Nicholson, Shadowlands)

Happy Reading

Mr Peter Garty – Teacher/Librarian

WORLD'S GREATEST SHAVE - FRIDAY 21ST MARCH

This year, St Paul's College is again getting behind the Leukaemia Foundation and participating in the World's Greatest Shave. The foundation provides practical and emotional support for families of those with blood cancer, as well as investing in research to improve treatments and find cures. Our College has been touched by cancer over the past few years and it seems fitting that as a school community we support them.
Last year we raised a phenomenal $5,000 but this year we are hoping to far exceed this. Donations can be made at school, with a donation box to be placed in the Front Office or online at www.worldsgreatestshave.com. Search for a shaver > team > St Paul’s College Kempsey OR http://my.leukaemiafoundation.org.au/spckempsey

Mr Angus Crowley – SRC Co-ordinator

SPORTS NEWS
It is my pleasure once again to report on the many individual and team successes across a range of sports achieved by our College students. Our students regularly achieve in the area of sport and the last few weeks have been particularly successful for our students. On Monday 3\textsuperscript{rd} March Chloe Saunders, Abigael Baker and Rilee O’Loughlin travelled to Sydney for the CCC Open Girls cricket selection trials. While the girl’s didn’t achieve selection these girls are only in Year 9 and to be selected to attend this Open trial at such a young age is testament to their talent and augers well for the future.

On Monday, 10\textsuperscript{th} March Malcolm Ramsay competed in the CCC Northern Golf Selections at Tuncurry Golf Course. Malcolm who plays off a handicap of 7 shot 82 on what is an extremely challenging course to finish 9\textsuperscript{th} on Gross scores and 3\textsuperscript{rd} on Net score once handicaps were taken into account. Malcolm is awaiting word on if he has been selected to play in the CCC Golf Championships to be played in the Blue Mountains. Malcolm has a number of important events coming up and we wish him every success and look forward to hearing about his future successes.

On Thursday, 6\textsuperscript{th} March, twelve students travelled to Banora Point for the Diocesan Swimming Carnival. This was a fantastic day with all of our swimmers competing strongly at what is always a high standard event. We had four students qualify for the Diocesan team to compete at the CCC Swimming Championships at Homebush early in Term 2. To qualify swimmers had to win an event with Rebecca Grant, Jessica Grant, Hugh Shannon and Ashleigh O’Meally all achieving this result. There is also an option for additional swimmers who finished second to apply for CCC Swimming, with Callum Sinclair in the 400m freestyle and our junior girls freestyle relay team all hoping to achieve selection. In addition to these results, Rebecca Grant and Jessica Grant were crowned age champions with Hugh Shannon awarded runner up in his division. Jessica also broke the Diocesan record in the 100m butterfly with a time of 1.09.97. (Photos on page 9)

Last Thursday, 13\textsuperscript{th} March, our College sent four teams to the Hastings 9s rugby league event. This was a 9 a side rugby league gala day with teams from the Macleay, Hastings and Manning regions. Each of our teams achieved victories on the day, with our U13s the best performed team and were narrowly beaten in the semi-final of the competition in a tight finish.

On Tuesday, 18\textsuperscript{th} March, we had 18 students travel to Lismore for Diocesan Winter Trials in rugby league, soccer and AFL, with many students achieving selection in these teams. David Henry, Daniel Baker, Josh Wilson and Daniel Saul were all selected in the Open Boys football team. Abigael Baker, Olivia Creswick and Lindsay Morrison were selected in the Open Girls football team and Michael Phillips and Josh Kirin were both selected in the Opens rugby league team. Congratulations to everyone who was chosen to trial on the day.

We also have a major sporting event coming up in the College cross country to be held at our North Street grounds on Monday, 31\textsuperscript{st} March (Week 10 Term 1). This is a non-compulsory event for the majority of students, however for Year 7, Year 9 and 10 PASS and Year 11 SLR students this is a compulsory event as it forms part of your curriculum activities. I ask students outside of these subject areas to register on the sport noticeboard before the end of next week. Closing date for nominations will be Friday, 28\textsuperscript{th} March. Students will be taken across to our North Street grounds in age divisions at various times of the day with more information will be sent home with students in the next few days.

Running Club has started again with a new goal for the year. I’m endeavouring to form a group which will not only train for specific events including the Macleay Marathon and the City to Surf, but also operate as a fundraising arm for Project Compassion. I’m asking Running Club participants to make a small donation each Thursday and proposing to conduct a major running related fundraising event involving the entire...
College sometime in Term 2. If students are interested, either come and see me or join in one Thursday at lunch time.

Students need to check the sports notice board regularly for details on upcoming registration days and competitions for local sporting groups.

**UPCOMING EVENTS**

College Cross Country – Monday 31\(^{st}\) April – North Street
Diocesan Touch Football Boys and Girls – Tuesday 6\(^{th}\) May – Port Macquarie

Details about training and selection trials for these events will be outlined in the morning notices over the next few weeks.

**Mr Tim Moorehead – Sports Co-ordinator**

An Invitation To Parents

- How do I keep my children safe with all the technology and devices in our house?
- I’m confused about this stuff and what to do, can someone please help me?
- Should I just ban my daughter from having a mobile phone?
- How do I know who my son is meeting online?
- What will happen if she has done something silly online?

If these are some of the questions and concerns you face, please come to an informal information and discussion evening at St Paul’s. Guest speaker will be Police Liaison Officer Steve Jeffrey, who is a regular visitor to our school and keeps students informed about cyber safety.

Wednesday 2nd April 2014
At 5:30pm, in the hall. Parking will be in the North Street carpark
