and safe use of technology
and the internet

Parent Information

3 November 2014

Presented by Andrew Burgess
Dear parents, recently Parent Assembly requested Andrew Burgess to visit our region to inform parents about Cyber Safety. Due to the feedback from parents, we have compiled this booklet with some information from Andrew’s presentation and some sites that may be helpful in assisting you to navigate the cyber world in which we share with our children. Happy Browsing. Parent Assembly Hastings Macleay Region 😊

Great website resources that Andrew spoke about in his presentation -

**Videos:**
- JIGSAW  http://youtu.be/_o8auwnJtqE – Thinkuknow education programme that helps children to understand what constitutes personal information and being safe online – Great youtube video to watch with your child. 8-10 year olds

**Websites:**
- justdelete.me – to find out how hard or easy it is to delete an account and how to do it
- http://yoursphere.com/welcome
- http://www.bewebsmart.com/
- http://www.scamwatch.gov.au/content/index.phtml/itemId/693900

Crime Stoppers: 1800 333 000
Police Assistance Line: 131444
Emergencies: 000
Website help centres

- [http://support.Twitter.com](http://support.Twitter.com) Find out how to use Twitter and protect your child’s privacy.
- [https://support.google.com/youtube](https://support.google.com/youtube) Read about YouTube’s safety policies and how to report inappropriate content.
- [https://support.Skype.com](https://support.Skype.com) Browse articles about securing your child’s account and managing their privacy settings.
- [https://help.Pinterest.com](https://help.Pinterest.com) Find out how to use Pinterest and secure your child’s account.
- [http://.help.MeetMe.com](http://.help.MeetMe.com) Get answers to your questions about controlling who sees your child’s profile and how to report problems.
**Family tips:**

- Turning on SafeSearch is an easy way to help you hide images, search results and videos intended just for adults.
- Enable YouTube safety mode.
- Increase your password strength; use a combination of letters and numbers. Use different passwords and make them hard to guess, keep them safe. Never share them.
- Create a strong password for your WiFi network at home.
- Set limits on device and internet use at home.
- Create some house rules for internet usage.
- Set a good example with mobile phone and internet use.
- Be courteous and respectful online. Treat others as you would like to be treated. Show sensitivity to others (including cultural awareness).
- Use acceptable and appropriate language, publish acceptable and appropriate content.
- Think before you hit send, post or upload or comment.
- Never create an EVENT on social media - public or private.
- Know your children’s online friends.
- Don't tag photos in Facebook (they can be searched).
- Don’t open messages from people you don’t know. They could contain viruses or be trying to sell you something.
- Don’t get phished.
- Watch your bank account. Respond immediately to any unexpected withdrawals or spending.
What else:

- Privacy Settings – Check them with your child, talk about privacy
- Location Settings – turn off geo tagging
- Accepting Followers /Friends – if you don’t know them personally don’t accept them (having friends you don’t know places you at risk)
- Avoiding Portraits – use avatars
- Talk to your children – what they are downloading, posting, privacy settings, grooming, bullying, digital footprint, phishing, copyright, inappropriate photos/selfies
- Report Abuse - encourage children to report misuse/abuse and support their friends (active bystanders)
- There is no such thing as safe sexting
- Online actions sometimes = offline consequences
- Time online = risk
